Panoramic view of Trans World Radio's transmitter and diesel generator buildings flanked by the short wave antenna fields, as seen from the 760 foot (233 meters) medium wave antenna.

Many thanks for your report of 11-19-65 0130 GMT 9.59 Mc/s - 31 mb

You have been listening to the super-power voice of Trans World Radio broadcasting from colorful Bonaire in the sparkling blue Caribbean.

Trans World Radio owns and operates a radio complex which includes seven short wave corner reflector and curtain antenna installations along with a 260 kw and a 50 kw short wave transmitter. A 500 kw medium wave transmitter feeds into a 760 foot medium wave tower.

Trans World Radio is an interdenominational, nonprofit organization dedicated to broadcasting the Gospel of our Lord and Saviour Jesus Christ from Monte-Carlo and Bonaire. Trans World Radio is on the air daily from Monte-Carlo and Bonaire with broadcasts in 25 languages.
